COUNTRY INFORMATION

The Bahamas is an English-speaking island country that makes up part of the Caribbean area and is located on an archipelago of 700 islands in the Atlantic Ocean, to the east of Florida and north of Cuba. Its capital is Nassau and the country has approximately 382,000 inhabitants. The Bahamas is an internationally-recognised and renowned offshore centre and it has a large number of banks and financial institutions established there. Offshore companies that are registered in the country are widely used around the globe and benefit from a high level of confidentiality.

POLITICAL STRUCTURE

The Bahamas is a parliamentary constitutional monarchy headed by Queen Elizabeth II in her role as Queen of the Bahamas. Political and legal traditions closely follow those of the United Kingdom and the Westminster system. The two main parties are the Free National Movement and the Progressive Liberal Party. The Bahamas is a member of the Commonwealth of Nations as a Commonwealth realm, retaining the Queen as head of state (represented by a Governor-General). Legislative power is vested in a bicameral parliament, which consists of a 38-member House of Assembly (the lower house), with members elected from single-member districts, and a 16-member Senate, with members appointed by the Governor-General, including nine on the advice of the Prime Minister, four on the advice of the Leader of Her Majesty's Loyal Opposition, and three on the advice of the Prime Minister after consultation with the Leader of the Opposition. The House of Assembly carries out all major legislative functions.

ECONOMY

One of the most prosperous countries in the West Indies, the Bahamas relies on tourism to generate most of its economic activity. Tourism as an industry not only accounts for over 60% of the Bahamian GDP, but provides jobs for more than half the country's workforce. After tourism, the next most important economic sector is financial services, accounting for some 15% of GDP. The economy also has a very competitive tax regime. The government derives its revenue from import tariffs, license fees, property and stamp taxes, but there is no income tax, corporate tax, capital gains tax, value-added tax (VAT), or wealth tax. The Bahamas Dollar is on a par with the US Dollar.

POPULATION

The Bahamas has an estimated population of 382,825, of which 25.9% are under 14, 67.2% are 15 through 64, and 6.9% are over 65. The ethnic makeup of the country is African (85%), European (12%), and Asian and Latin Americans (3%).

LANGUAGE

The official language of the Bahamas is English though many residents speak the Bahamian Dialect, a dialect of English known as Bahamian English. Bahamian Creole, an English-based creole language, is also spoken by approximately 400,000 people in the Bahamas and the Turks and Caicos Islands.
